

How to Use Humana's "Find a Dentist" Tool

Humana's "Find a Dentist" Tool can be used as one method to confirm in-network status with Careington Maximum Care PPO Dental Network. Additionally, your patients can use this tool to search for a nearby in-network provider.

To use this tool:

Step 1 Visit Humana's Dentist Finder Tool

Navigate to <https://www.humana.com/finder/dental?customerId=1004> and be sure you are searching underneath the "Dentist" tab.

Step 2 Narrow Down Your Search

Select one of the options in the "Distance" dropdown and enter the Zip Code around which you'd like to search.

Step 3 Search by Coverage Type

Searching by Coverage Type delivers the most accurate results for patients with Author by Humana. Select "PPO" then select "Author by Humana (Careington)" from the dropdown.

Step 4 Search by Category (Optional)

Decide how you would like to narrow your search: Name, Specialty, or All. Choose one from the dropdown menu then fill in the field to the right. If you choose to narrow down your search, the search box will provide suggestions as you start to type. You can also choose from a list of specialties if you aren't sure which one you're looking for.

Step 5 Search

Click "Search". You can continue to filter down your choices by using the menu on the left side of the screen.

Find a doctor

Use the tabs to help you search for a doctor, dentist, vision care provider, or pharmacy.
